ORBIT 19 LOUNGE LAUNCHES NEW WEBSITE DESIGN

Published: October 21, 2011

CLEARWATER, Fla. (October 21, 2011) - Orbit 19 Lounge was built from the ground up and launched in May of 2003. Their mission is to give their guests an eclectic, hipster hangout, with a vibe of modern retro kitsch with NYC flair. There is no pretense there, just a warm and comfortable atmosphere, with a lounge area that includes a sofa, side tables, modern orbit chairs, as well as pool and foosball tables. Service at Orbit 19 is exceptional and personal with a staff that has remained intact since their inception. They serve only brand name spirits (250 types), including their premium rail selections, quality wines and fresh organic ingredients in cocktails, martinis, and shots. Nineteen beers (mostly craft) are available on tap, and they have over 75 bottled beers for your pleasure.

As one of the few underground establishments in the Tampa Bay Area, word of mouth is the primary source of their success for the last 8 1/2 years. Orbit 19 is a dynamic meeting spot for people-watching, conducting business, and/or chilling out. Hidden behind an unassuming entrance the lounge hosts weekly events from bands to DJs in a diverse and relaxed setting.

In keeping with their eclectic comfortable atmosphere, K.Tek was asked to come in and help redesign their existing web site. The team at Orbit 19 wanted the back end of their website to flow as smooth and easy as one of their famous Cucumber Martinis! In addition to updating the look and feel of the web site design, K.Tek implemented a new Events Calendar, Photo Gallery, Blog, Music Player, Updated Video Section, "News" page to have Press Coverage stored and a CMS to have edit ability for all elements of the site. K.Tek and Orbit 19 are partners made in hipster heaven! Check out the happenings at Orbit 19 Lounge by visiting their website at: www.orbit19lounge.com
